537 VOTE ON SCHOOL

Town votes to Leave Region

SPECIAL TOWN MEETING

A record turnout of Mattapoisett voters attended the Special Town Meeting at Old Rochester Regional High School last Wednesday evening and voted 403 to 134 to request the Upper Cape Cod Regional Vocational-Technical School District to set terms to permit the town of Mattapoisett to withdraw from that group.

The vote came early in the session because the facts about the school had been very thoroughly presented in two previous meetings called to explain the issues to the public. After the delayed start, to permit the long lines of voters to file from the parking lot to their seats in the hall, Mattapoisett Selectman David N. Haley introduced the issue with a resume of the events which led up to it. Town Counsel Leonard E. Perry explained the amendment which is the first step of withdrawal. He said that a yes vote would approve requesting the regional committee to set conditions under which Mattapoisett could withdraw, and that

all six towns would have to approve of these conditions as set down in an amendment. Mattapoisett's share of costs to date would be included as well as other conditions which might be imposed also. He said that it would not be likely that the other towns would refuse to allow Mattapoisett to leave because Mattapoisett, as an unwilling member, could refuse to approve bond issues. Bond issues have to be approved by all member towns in order for building to proceed on the Vocational School which is scheduled to open in the fall of 1968.

Balloting began at about 9 o'clock and results were announced at 10.

SETTLEMENT MADE IN LITIGATION

Mr. Edgar E. Caron, chairman of the Upper Cape Cod Regional Vocational-Technical School District Committee, has announced that he has been advised by Attorney John F. McCoy, counsel for the District School Committee, and Attorney James C. Heigham, counsel for Warren H. Ashley, that a pending litigation in the amount of \$60,000 instituted by Architect War-

Mrs. Victor Twiraga, American Home co-chairman, announced the group would visit the Swank Jewelry Company in Attleboro, followed by a trip to the Rain Forest on February 28th. This group will also attend the Flower Show in Boston on March 21st. A bus will be chartered for this trip and members planning to go are to make reservations early.

Valentines made by the Literature Group for their meeting last Tuesday were on display. Mrs. Clarence Fountain reported on the bowling tournament. A profit of \$97.65 was realized from the 139 bowlers participating. A total of \$320.00 has been raised for the scholarship fund.

Mrs. Norman Atkinson, program chairman, introduced the speaker for the afternoon, Miss Ruth Atkinson, who gave an interesting talk on "Interior Decorating".

Mrs. Thomas Dunn, hostess for the social hour, was assisted by Mrs. Benjamin Brintnall, Mrs. Victor Twiraga, Mrs. James Harris, Mrs. Edmund Ferry, Mrs. Harold Luther and Mrs. Roger Kelley. Mrs. Bernard Conboy made the beautiful centerpiece, a large heart made from red paper flowers. It was donated to the Couples Club for their Valentine Dance.

OPENS THIS WEEK

Seven dozen red and white carnations were walking around the corridors of Old Rochester Regional High School on Friday, the final day of school before vacation, that is, on the lapels or dresses of students participating in the spectacular musical, "Camelot". FORAM used this colorful way to say "thank you" to the hard working cast, chorus, crew, and dance ensemble who will provide delightful entertainment for a large number of area residents this weekend.

Performances on Thursday, Friday and Saturday will begin promptly at 8:15 P.M. Usherettes will not seat latecomers until the end of the second scene.

Opening night which is designated as Family Night offers the attractive feature of a lower admission fee than the following two evenings. Children in the sixth grade or below are encouraged to attend the matinee Saturday at 1 P.M. for a small charge. Adults are welcome

Heart Sunday

HEART SUNDAY FEBRUARY 26th AND YOU

The Heart Fund volunteer who rings your doorbell within the next several days deserves to be greeted with a smile, a warm handclasp and a generous contribution.

In a sense, she is working for you, and over the years her services -- combined with those of millions of other volunteers -- have helped to save thousands of lives.

She is fully entitled to share with medical science the credit for dramatic advances a-

chieved over the past 15 years in the fight against heart and blood vessel diseases.

To be sure, these spectacular gains were achieved by the scientists. But never forget that much of this research activity was underwritten by dollars which she and others like her so laboriously collected.

So give generously. Put out the welcome mat. Make this the most successful Heart Sunday appeal in the history of our community. Please help your neighbor help your Heart, Give so more will live.

Mrs. Howard Steff, treasurer, found it impossible to carry on in that office inasmuch as she has resumed teaching, and Mrs. Ralph Winters will fill out her term of office.

Mrs. MacNeil explained how the tickets for the movie, "Never Too Late", to be held at Tabor Auditorium on March 31st at 8 P.M., were being handled...some being sold by Tabor students and by Old Rochester Regional High School students as well, as this money will all go into the Scholarship Fund.

The Board voted to donate \$5.00 to the Heart Fund.

Mrs. William Saltonstall spoke on the need

for equipment for the playground at the Point Road School and urges those who felt it worthy of their support to do so when it is brought up at Town Meeting.

Tables were festively decorated with the philodendren prizes, and the table centerpiece for the buffet was beautifully arranged with camellias from Mrs. Parker Converse.

Mrs. William Rogers was chairman of hospitality, assisted by Mrs. Joseph Walsh and Mrs. Jack Hirschmann. Mrs. Howard Patterson and Mrs. Walsh poured.

SPRING TERM ART CLASSES

The Marion Art Center announces a new series of classes lasting sixteen weeks. On Tuesday evenings at 7:30 P.M. a course for beginners will meet. This is an introduction to the artist's materials and vocabulary, and instruction in basic drawing projects. The student is encouraged to work in the medium he finds most interesting: watercolors, oil, etc.

On Wednesday evenings there is a course in the techniques of print-making. The versatile silk screen should appeal to the artist as well as the craftsman. On Thursdays there are two studio classes. One in the morning at 9:30 and another in the evening for the more advanced student who has had previous training.

All classes are open to observers in the be-

ROAD SERVICE

James R. Gurney on North Avenue.

The group's first project is researching the many fascinating old photographs of local buildings which they have thus far located. The search continues for items of interest, and for people who can be of assistance.

The meeting is open to any and all history enthusiasts; the group is still in infant stages and is open to suggestions as to the current project, and future ones.

HEARING ON HARBORS

John D. Warner, associate commissioner of the Division of Waterways of Massachusetts, has submitted an invitation to Mattapoisett Selectmen to attend a hearing on harbors to be held at 10:30 A.M. on March 9th at 100 Nashua Street, Boston.

APPOINTED POLICE OFFICER

Michael A. Renahan has been appointed a permanent police officer by the Mattapoisett Board of Selectmen.

Heating Course

The New England Fuel Institute announces the opening of Group 3 of its 22nd Annual Oil Heat Technician Course which will visit five cities in Eastern Massachusetts and Rhode Island this spring. This nine-week course, offered to oil burner servicemen once a week at each location, will be held locally at the Dartmouth Memorial Post, 144 Cross Road, off Route 6, North Dartmouth, Massachusetts. Other classes will be held in Peabody, Waltham and Quincy, Massachusetts, and Providence, Rhode Island. The course in Dartmouth will start Tuesday, March 28th, from 7:30 to 10:00 P.M. These classes will be conducted by authorities from the oil heat industry.

NEFI's Oil Heat Technician Course has another excellent and attractive program in which two subjects are covered for the first time -- humidification and mobile home furnaces. The full course will include: Humidification by Auto-Flo; Modern oil heating standards by Boston Machine Works; two sessions on Honeywell controls; Sundstrand Hydraulics fuel units; Taco hot water heating products; Space Conditioning Whirlpower oil burners; Miller mobile home furnaces; and Winkler low pressure oil burners.

For direct information, please contact: Hollis L. Farrow, Director of Education, New England Fuel Institute, 400 Commonwealth Ave-

PAINTING BY JOHN ROY AT ART CENTER

John Roy is not a particularly well-known name in the art world right now, but perhaps his will be a famous name in the not too distant future due to a recent one-man show in Boston. The Eleanor Rigelhaupt Gallery reports: "It was a virtual sell-out and was received quite well by the press." Four museums purchased work from the show as well as several significant collectors.

The Marion Art Center is extremely fortunate to have one of John Roy's paintings now available for sale or rent. The value of this painting has sky-rocketed with the success of the artist.

The professional speculator as well as you and I should take a special look at the work of John Roy. Stop in at the Marion Art Center during gallery hours: Tuesday through Saturday, 12 to 4 P.M.

Foul Air and Water

AIR & WATER POLLUTION

New England, U.S.A. Can't you envision the clean, bright airiness of the village green or the old mill scene with sparkling water splashing over the oaken wheel and the rugged, healthy look of the citizens? One might even think this the most beautiful place in America. Yet, sorry to say, New England is losing this dazzling image. It's as though an envious, invisible genie infiltrated our ranks and insidiously poisoned our once fresh air and once pure waters. Now without any strain whatsoever, we recognize the signs of silent destruction...smudging and smearing of the landscape and a muddying stagnation of the waters. The culprit whose ugly task it is to destroy and spoil ... pollution.

However, New England is not alone, for throughout the country Americans suffer tons of dirt and filth in the air they breathe and in the water they use. Much of the trouble is our own fault. Perhaps the image of old

New England has persisted too long or maybe we've just taken too much for granted, but somewhere people have gotten the notion that there is and always will be an endless supply of pure air and clean water. Experts and others knowledgeable in the field of air and water pollution know differently. The truth is that the seemingly limitless supply is fast disappearing. Unless adequate measures for control of pollution are instituted, the beauty of the American countryside will fade away.

Even worse, the health of the American people
will be in great jeopardy.

But do we as ordinary citizens really want
to think about it? Pollution and contamination
in this day of affluence? Who cares to be re-
minded, after dining like royalty in our home
or at a luxurious restaurant, that all the gar-
bage and leftovers must be disposed of some-
where? Who wants to be reminded that the
two and three bathroom homes and all the well-
appointed restaurant lounges must have their
wastes drained off, somewhere? And who among
us want to think about our waste products be-
ing splattered indiscriminately about the atmos-
phere or some thermonuclear explosion that
must be dispersed, somewhere? The point is
whether we care to think about it or not, the
time has come when we must face up to the
environmental pollution problem. Only the
unrealistic can really believe that this nebu-
lous "somewhere" is not right here in the very
midst of the environment in which we now ex-
ist.

Let's be realistic and acknowledge that there
are still a surprising number of sewers in these
modern United States that dump raw and poten-
tially lethal sewage into the nearest body of

water. Because of the extraordinary growth of the population, even communities with reasonably up-to-date facilities are finding it hard to treat all human wastes. Facts are facts and they show that carelessly handled human wastes and sewage are generally responsible for most diarrheal diseases, such as enteric fevers, typhoid, paratyphoid, bacillary and amoebic dysenteries, infantile gastroenteritis, and a wide variety of poisonings, including parasitic infestations and nutritional disturbances. How to make sure you get every drop of heating oil you pay for

NOW SHELL Heating Oil is metered into your storage tank as electricity is metered into your home.

Our trucks are equipped with highly accurate meters that measure the exact amount of oil we deliver to your tank.

The meter prints the amount of oil delivered on a receipt. You get the printed receipt as a permanent record for your files.

Metered deliveries are one of the many advantages we offer our heating oil customers. For complete details, call us today.

finally realizing that it, too, may be as much
a health hazard as pollution of the waters,
and its contribution to poor health very de-
finitely exists.

The ordinary citizen must realize that each
time he burns leaves or rubbish in his back
yard, he is adding to the air pollution prob-
lem. The automobile manufacturer who pro-
duces a vehicle that emits noxious fumes is
further enlarging the pollution problem. The
industrialist who permits the emission of so-
called "gunk" into the waterways and into the
atmosphere is irresponsibly corrupting the en-
vironment.
